## WORK EXPERIENCE

### CannonDesign - Chicago, Illinois

Designer/Architect | April 2021 - Present

Worked alongside design and technical leaders to design a government physics lab and manufacturing facility and develop a construction drawing set. Took exclusive responsibility for the production of the drawing set for a government lab project under the supervision of the lead architect. Developed plan details as part of a large project team for a sixteen story children's research hospital.

### Ratio Architects, Inc. - Champaign, Illinois

Designer | May 2018 - May 2020

Collaborated with project leaders in schematic design and design development stages of major projects. Produced high-quality renderings and presentations for presentation to clients and donors. Coordinated with contractors, consultants, and clients through construction administration.

### Cripe Design, LLC - Elkhart, Indiana

Architectural Intern | May - August 2015, 2016, 2017

Led development of a digital model for a large mixed-use project in collaboration with two other firms, and later assisted creating the drawing set for its construction.

### University of Illinois School of Architecture - Champaign, Illinois

Teaching Assistant | August 2017 - May 2018

Taught 150 freshman and sophomore students in two skills classes about understanding and experiencing space, designing as a response to observations, and creating drawings and presentations.
